

The Suzanne T. and Irving D. Karpas Jr. Foundation Donates \$10,000 to TOPS

April 21, 2011

TOPS is the grateful recipient of a \$10,000 donation from the charitable foundation of Mr. and Mrs. Irving Karpas.

Noted philanthropists, the Karpas' have established a foundation through which they have made many charitable contributions. They have previously helped the Ridgefield Visiting Nurses Association and Beth Israel Hospital in New York.

The Karpas' are patients of Dr. William Rappoport, our Chief Cardiologist. Wishing to express their appreciation to Dr Rappoport, in a personal way, they asked what they might do. Dr. Rappoport told them about TOPS, and suggested TOPS would be a worthy recipient. Dr. Rappoport was humbled by the generosity of Mr. and Mrs. Karpas.

The Karpas' make their home in Ridgefield, CT, and spend the winter months here in the Valley. Arizona is fortunate to have attracted these two warm, compassionate, and generous people to our state.

Those of us who have worked with Dr. Rappoport have always appreciated his skill and knowledge as a Cardiologist. Now we also sense the trust and loyalty he inspires in his patients.

TOPS wishes to express our sincere thanks, and appreciation to Mr. and Mrs. Karpas, and their foundation. Additionally, we thank Dr. Rappoport for all of his extraordinary work on behalf of TOPS, and his patients.

GO TOPS!!
